

Correction to: “A Modern Understanding of the Traditional and Nontraditional Biological Functions of Angiotensin-Converting Enzyme”

In the article above [Bernstein KE, Ong FS, Blackwell W-LB, Shah KH, Giani JF, Gonzalez-Villalobos RA, Shen XZ, and Fuchs S (2013) *Pharm Rev* **65**:1–46], the first author of the reference “Erdoes EG and Wohler JR (1963) Inhibition in vivo of the enzymatic inactivation of bradykinin and kallidin. *Biochem Pharmacol* **12**:1193–1199” is misspelled in text as well as in the reference list. The correct spelling is “Erdos.”

The online versions have been corrected.
