- Adrenaline, Metabolism of, 1
Adrenergic blockade, 27
Anticholinesterase drugs, 166
Bacq, Z. M. Metabolism of adrenaline, 1
Berger, F. M. Spinal cord depressant drugs, 243
Brain, electrical activity of, Effects of drugs on, 425
Cardiac glycosides, Metabolic action of, 311
Chenoweth, Maynard B. Monofluoroacetic acid and related compounds, 383
Davis, Jean P., and Toman, James E. P. Effects of drugs on electrical activity of brain, 425
Dihydroxy phenyl alkylamines and epinephrine, Pharmacological activity of, 279
Drugs and plasma proteins, Interactions of, 102
Electrical activity of brain, Effects of drugs on, 425
Epinephrine and related dihydroxyphenylalkylamines, Pharmacological activity of, 279
Gilman, Alfred, and Koelle, George B. Anticholinesterase drugs, 166
Goldstein, Avram. Interactions of drugs and plasma proteins, 102
Heart, failing, Energy metabolism of, and metabolic action of cardiac glycosides, 311
Koelle, George B., and Gilman, Alfred. Anticholinesterase drugs, 166
Lands, A. M. Pharmacological activity of epinephrine and related dihydroxyphenylalkylamines, 279
Maynert, E. W., and van Dyke, H. B. Metabolism of barbiturates, 217
Metabolism of adrenaline, 1
Monofluoroacetic acid and related compounds, 383
Nickerson, Mark. Pharmacology of adrenergic blockade, 27
Plasma proteins and drugs, Interactions of, 102
Proteins, plasma, and drugs, Interactions of, 102
Salicylates, Certain aspects of pharmacology of, 353
Smith, Paul K. Certain aspects of pharmacology of salicylates, 353
Spinal cord depressant drugs, 243
Toman, James E. P., and Davis, Jean P. Effects of drugs on electrical activity of brain, 425
van Dyke, H. B., and Maynert, E. W. Metabolism of barbiturates, 217
