Erratum
Correction to “Pharmacological Manipulation of Translation as a Therapeutic Target for Chronic Pain”

Supplemental material is available online at http://pharmrev.aspetjournals.org.

About the cover: Conceptual framework for the neurobiological basis of substance use disorders,
invoking a three-stage cycle—binge/intoxication, withdrawal/negative affect, and preoccupation/
anticipation.” See the article by Koob. (dx.doi.org/10.1124/pharmrev.120.000083)
